

Young Voices of Loudoun County

Adults who regularly ask this question about the young people in their lives will find some surprising answers in the highly imaginative collection, Young Voices of Loudoun County. The authors, in grades K-12, tackle topics big and little, lighthearted and serious, such as the nature of true friendship, the meaning of family, and the importance of faith. From insect kingdoms to hurricanes, from sci-fi and fantasy to autobiography, no topic is too big, too small, or too outlandish.
