

Winning at Saratoga: The Novice Guide to Pattern Betting

This book is for the novice race fan. The person that is either not familiar with horse race handicapping or having failed so often is looking for a new way to play the horses. This book lays out a simple and easy method to gamble on the horses, enjoy the experience and bring home some nice money. This is a new way to play at any thoroughbred race track in the country. The statistics in this book are based on 9 years of Saratoga Race course seasons. This book will give you a short history of Saratoga race course and town, as well as a break-down of the statistics of the last 9 seasons as they could be used in our system. The key topic in this book is that things repeat at the track. The favorite wins 33% of all races. Look at tracks across the country and you will see this percent rarely varies. That being said what other percentages dont vary? Could one be a Superfecta pattern? This book breaks down the tri and super percentages over the last 9 years at Saratoga and gives the novice a leg up on using the odds created by the handicappers and mutual pool to bet, win and have fun at the track. I am not a handicapper. I have failed way too many times. But you do not have to be a handicapper to win at the track. Use this book, have fun and lets go to the races Thomas S. Natale Jr.
