

Girl Over the Edge

It started with a bad decision and ended with an obsession. Seventeen-year-old best friends Beckett Smith and Chloe Baker cant shake their reputations after taking risque photos at a college party. The pictures are distributed to the North Lake High School student body sending the best friends to the bottom rung of the social ladder right before senior year. When Beckett and Chloe return to school, they find themselves ill prepared for the harassment and bullying that follows. Beckett has an easier time being reaccepted than Chloe. And shell do anything to be part of her old clique and to get a second chance at a relationship with her ex-boyfriend, star running back Kale Fenton. But Becketts attempts at a normal senior year are at odds with Chloes increasingly anti-social behavior. As Chloes life spirals out of control she becomes obsessed with the Aurora Bridge in Seattle, also known as Suicide Bridge, a place known for the jumpers. And after everyones abandoned Chloe, Beckett is the one person who can prevent Chloe from making the jump. GIRL OVER THE EDGE is a novel about best friends, damaged relationships, and the help that sometimes comes from unexpected places.
