

A Tale of Light and Shadow

Enter Atolas, a world where swords and daggers both extend life and end it; where magic is feared by all but a few; where feuds and friendships influence kingdoms and courtships. Henry and Isabelle have secretly sworn to marry despite his lowly station. Though Henry is but a carpenter, his devotion drives him to commit an unthinkable act that may cost both of them their lives. Unknown to either, a dark prophecy has set in motion events which will affect not only them, but the thrones of rulers throughout all of Atolas by eclipsing the world in shadow. But all is not lost while hope remains in the guise of an unlikely hero and the strength of friendship.
