

My Summer on Earth

Sixteen, perfect body, tons of money, and doesn't eat.... What's so alien about that? Say hello to Clint. He's an alien disguised as a human -- and a fairly outspoken, foulmouthed alien at that. He's got an important mission to complete, but like a typical teenager, Clint gets a bit distracted when he gets here. This distraction's name is Zoe, and Clint has an overwhelming urge to experience earthling love with her, if he could just figure out how. But if Clint doesn't focus and complete his mission, it could spell disaster for his people. And what teenager wants that on his conscience? Young love, a crappy job, and absolutely clueless -- sounds like a typical summer on Earth.
