

Cold Environments: Processes and Outcomes (Epics)

Students are helped to progress from GCSE and Standard Grade within each title, through regular questions and enquiry activities. The topic books are ideal for individual usage as the content is detailed and concise. Valuable study for students with exam practice, as well as practice with the decision-making/enquiry approaches in the context of real places. Question banks focus on the development of core skills and will help students construct quality extended essays. Interest and motivation will be increased by the variety of approaches adopted by the various authors, all of whom are experienced educationalists.
