

## Return of the Jedi (Star Wars (Penguin Audio))

Fifteen years after National Public Radios wildly successful adaptation of Star Wars, and thirteen years after The Empire Strikes Back, the trilogy hurtled to its long-awaited thrilling conclusion with Return of the Jedi.

Like its predecessors, this electrifying drama boasts a splendid cast (including Anthony Daniels as See-Threepio and Ed Asner as Jabba the Hutt), a greatly expanded script, with many scenes and characters not found in the movie, and audio engineering of unparalleled excellence.
