

Summer Snow (The Time Walkers Journal Book 1)

... as Steve fell towards the snow covered ground he saw two things. The giant, fur clad, warrior starting to swing his axe in what must be a killer blow. And the knife he had been holding so tightly, now falling from his hand. For Steve Thyme life wasn't fair. Little did he know that things were going to take a turn for the worst. He was about to become the latest in a line of Time-Walkers and embroiled in a savage case of murder and betrayal. While dealing with Vikings, Witches and Assassins, Steve will need to get to the bottom of things. Quickly. Or he will risk being the next victim to the killers blade over a thousand years before he was even born.
