

Around the World in 80 Seconds

Written as homage to the incomparable Jules Verne, and in the style of *Around the World in 80 Days* and HG Wells *The Time Machine*, author Jeff Kinder transports us 100 years though time 100 years into the future. The risky journey for those on board a time travel train exemplifies the perils awaiting them in this unfamiliar future. Join Jeff and friends as they look back to the future on their high-speed adventure thats about to depart.
