Why had the men chosen him? What had they seen about him that said, Im your target?Savagely violated by two strangers, 16-year-old Grady West retreats into a deep silence. Everything about the life he knew fades away. He switches to a new school and stops calling his old friends. He cant talk to his family. As fear and doubt and memories of his horrible experience take over his head, Grady cant even eat. But there are those around him who can see beyond his silence and want to know who he really is. As Grady struggles to climb out of the pain and recover from his trauma, he begins to connect with people who show him that life is still worth living.
