

# Betting Baseball 09: The Secrets That Professionals Wont Talk About, Until Now!

First time author J. Fredrick O Leary really knocks one out of the park, with this highly condensed booklet. The methodologies which are discussed within the first 75-80 pages are surely going to help improve your overall winning percentages. Mr. O Leary has been a professional sports handicapper for over 20 years! His real claim to fame came in September of 2000; as he won an infamous baseball handicapping tournament, by a whopping 500 point margin over his nearest competitor. In my humble opinion, this little booklet is well worth the \$24.99 price tag.
