

Visiting the Ghost Ward: Inside the Worlds Most Haunted Hospitals and Asylums (Harrowing Haunts)

If hospital walls could talk, what tales would they tell? Hospitals are the nexus point between life and death, the place into which people enter this world, but also exit it. In this book, paramedic and paranormal investigator Richard Estep recounts some of the most fascinating and often chilling stories of hospital hauntings from across the globe. Readers will experience a journey around the world, stopping off at a wide spectrum of haunted hospitals and asylums, old and new, and shiver at the personal encounters of doctors, nurses, patients, and others with the strange and inexplicable.
