

My Kind of Crazy

Everybody needs someone who gets their crazy. Hank Kirby can't catch a break. He doesn't mean to screw up. It just happens. Case in point: his attempt to ask out the girl he likes literally goes up in flames when he spelled prom in sparklers on Amanda Carlisle's lawn...and nearly burns down her house, without ever asking her the big question. Hank just wants to pretend the incident never happened. And he might've gotten away with it—except there is a witness. Peyton Breedlove, brooding loner and budding pyromaniac, saw the whole thing, and she blackmails Hank into an unusual friendship. Sure, Hank may be headed for his biggest disaster yet, but it's only when life falls apart that you can start piecing it back together. Funny, authentic, and, at turns, heartbreaking.—Jessi Kirby, author of *Things We Know by Heart* and *Moonglass* I had so much fun reading this book.—Adi Alsaid, author of *Never Always Sometimes* and *Lets Get Lost*
