After a lifetime of being bullied, Daelyn is broken beyond repair. She has tried to kill herself before, and is determined to get it right this time. Though her parents think they can protect her, she finds a Web site for completers that seems made just for her. She blogs on its forums, purging her harrowing history. At her private Catholic school, the only person who interacts with her is a boy named Santana. No matter how poorly she treats him, he just wont leave her alone. And its too late for Daelyn to be letting people into her life . . . isnt it?
