

Cambridge International AS and A Level Chemistry Teachers Resource CD-ROM (Cambridge International Examinations)

Fully revised and updated content matching new Cambridge International Examinations 9701 syllabus for first examination in 2016. Endorsed by Cambridge International Examinations, the Second edition of the AS and A Level Chemistry Teachers Resource contains helpful activities and guidance to support planning, delivery and assessment. The CD-ROM contains customisable detailed teaching guides containing mapping grids for every topic, common misunderstandings and misconceptions, and ideas for in-class activities with additional advice for stretching high achievers and supporting struggling students. The CD-ROM also contains practical activity worksheets including safety advice and teacher-specific guidance, homework sheets with corresponding marking schemes and worked answers to all questions in the coursebook. The resources are all prepared with a strong international focus.
