This is the perfect quick reference for Chichewa words. Its packed with common words and will easily fit into a small bag. This quick reference dictionary is straight-forward and written by a native bilingual speaker. Like many Malawians that grow up in Blantyre or Lilongwe, Heather grew up speaking English and Chichewa simultaneously. She wanted to teach her English husband some Chichewa but couldnt find a book that broke the language down into simple lessons. They were all a little dull and far too complex. Learning should be fun! So Heather took matters into her own hands: she created her own series of lessons for her husband. They shared them on YouTube and, based on the response, they decided to organise them into a nifty little book enter, Chichewa 101. So you can hear how the words are actually said, get the Chichewa 101 Dictionary in audio book format too. The Chichewa 101 Dictionary comes included with the book Chichewa 101 Learn Chichewa in 101 Bite-sized Lessons. [www.Chichewa101.com](http://www.Chichewa101.com).
