

Chihuahua Express Volume 3: 200 Quick Nine-letter Puzzles

200 quick nine-letter word-finding puzzles.

See how many words of at least four letters you can make from an array of nine letters. The letter in the middle must be used in every word, and at least one word can be made that uses all the letters. To help you squeeze a puzzle or two into a busy day, every puzzle in Chihuahua Express has a maximum of 25 commonly known words. Each puzzle has targets for how many words you find. Good, Better and Best can be reached with well-known words. Two higher target levels require some more obscure words. You decide which target to aim for. All possible words are listed in the Solution section. Part of a series derived from the popular Chihuahua Puzzle website.
