

Confessions of a Not It Girl

High school is never easy . . . and when you are suffering from a hubris complex and are convinced that the gods on Olympus have focused their attention on you, things are sure to get even harder. In this smart and sassy debut novel, the spotlight is on Jan Miller—a self-labeled Not It girl struggling to find out what and who she wants. From her best friend, who is an It girl, to her parents, who are way too embarrassing to her crushes (who always seem to be in the right place at the wrong time), there is never a dull moment for Jan.
