

Connect Access Card for Marriages and Families: Intimacies, Diversity, and Strengths

This text combines a positive and practical approach to the study of marriage and family life. It is based on extensive and up-to-date research as reported in the journals and monographs. It shows how sociological theories apply to the various topics. Thus, it not only provides students with a basic understanding of marriage and family life, but also helps them apply this knowledge to enrich their lives and nurture their own intimate relationships. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective. It provides tools that make assessment easier, learning more engaging, and studying more efficient. For instance, Connect contains SmartBook, the first and only adaptive reading experience available for the higher education market. Powered by the intelligent and adaptive LearnSmart engine, SmartBook facilitates the reading process by identifying what content a student knows and doesn't know. As a student reads Marriages and Families, the material continuously adapts to ensure that he or she is focused on the content most crucial to closing specific knowledge gaps.
