胜利的困境(下)

中华人民共和国的最初岁月

高杰梁 (Jeremy Brown) · 毕文伟 (Paul G. Pickowicz) 编  
魏星 等译

This book focuses on the early years of the Peoples Republic of China (PRC), 1949-1953, a time period always inadvertently neglected. Previous studies mainly concentrate on the means of formulating and executing the Communist Party of Chinas (CPC) policies. This book, nevertheless, stresses on another side - the peoples experiences and feelings under the CPCs policies. The interaction processes between the sovereignty and people with different backgrounds and the impacts on their livelihood and working conditions after the establishment of the CCP altogether embodies the extraordinarily diversities and complexities in the early period of the PRC.
