

Pushing Pause (Kimani Tru)

Fifteen-year-old Kenisha Lewis has it all: good friends who also live to dance, a hot boyfriend headed for the NBA, loving parents and a bling-filled home in the burbs. But all that changes when her dad drops a bomb: he wants a divorce and his pregnant girlfriend is moving in. Suddenly, Kenisha and her mom are squeezed into her grandmothers small house in the city, and Kenisha is sharing a bedroom with a cousin she barely knows. Could she hate her life any more? Yeah. Because her boyfriend dumps her, her friends are acting weird and her mother is getting more and more depressed. Time for Kenisha to push the pause button on her life and take a long, deep breath.
