

## Dark Touch

Tully isn't alone in her skin. Whenever she touches someone, they feel everything she feels. All her ugliness. All her darkness. All her pain. The only thing she wants is to be left alone--and to finally get out of her small Oregon town. But then she meets Chris. He's everything she's not. Light. Trusting. Innocent. And he wants Tully. Tully knows she should spare him the heartache of being with her. But when he touches her, she's not sure she'll have the strength to push him away--until he learns about her dark past, and what really goes on in her ever-decaying home. From the author of *Every Ugly Word* comes a poignant, emotionally raw story about the violence that plays out behind closed doors and the all-consuming passion of first love.
