

Damnation (The Dyphillum Series) (Volume 2)

Cecily, Isaac, and Julian have worked together to defeat one evil. Can they survive another? In order to save herself from the twisted fate Sadina, the creator of the Dyphillum, has in store for her, Cecily will be forced to find the most powerful magic she possesses or become nothing more than the mother of an army of immortal bent to take over the world. Sadina has to die, but would that erase all of the spells she has cast? Would history be rewritten without the Dyphillum race? With help from an unlikely ally and opposition from the elders, the trio is forced to reach deeper than ever before to defeat this great evil.
