

# University of Destruction: Your Game Plan for Spiritual Victory on Campus

The statistic is staggering: Fifty percent of Christian college students lose their faith or at least have made it a low priority by the time they graduate. With a fresh voice and a conversational style, author David Wheaton explores the three pillars of peril sex, drugs, and rebellion most often encountered by college students. He then offers students advice on developing a game plan to avoid the spiritual pitfalls. While the temptations and influences may still be there, students following these practical tips will find that a university of instruction does not have to become a university of destruction.
