

New Blood (vampire erotica, M/m)

Jackson and Attila have been lovers for years; not an easy task when Jackson is 25 and Attila, an immortal and eternally youthful vampire, is several thousand years old. When Jackson begins to get restless about their relationship, Attila is faced with a decision he's never had before. Should he turn Jackson and keep him forever?-----EXCERPT: Jackson was in the bedroom now, taking off his clothes, eager to feel the cool air on his bare skin. Turning around to throw his shirt into the open closet, he saw an angry Attila in the doorway, staring intently at him. Attila smiled thinly at the half-naked man in front of him, admiring his muscular chest and shoulders. Jackson spent his regular time in the gym wisely, a dedication that impressed even Attila, who'd seen everything before. The sight of the exposed mortal, coupled with Attila's already angered state, threw the vampire into a frenzy, dashing toward Jackson, who stood there resolutely, knowing that his mate wouldn't hurt him...much. Attila refrained from doing damage to him, but his hands on Jackson's skin were rough and seemingly without regard to pleasure. Attila used his sharp nails to cut away Jackson's pants, leaving the man wearing nothing but thin briefs. Satisfied that no more would get in his way of enjoying his mate, Attila, with strength unsurpassed by the strongest of normal men, lightly picked Jackson up and threw him across the room to the bed. Before Jackson could sit up, Attila was upon him, kissing him with a tenderness that was uncharacteristic for the mood he was in. Jackson, for his part, melted into his embrace, and wrapped his naked legs around the other's waist. Attila concentrated on Jackson's neck and shoulders, teasing him about the areas Attila knew caused the most pleasure. Jackson couldn't help but moan in pleasure at the expert way his centuries-old lover toyed with him so quickly. Unspoken, both

acknowledged that Jackson belonged to Attila, in body if not in more. Jackson was already hard, but when Attila felt around his briefs and wrapped his hand around his cock, he got even more turned on. The thin material of his briefs was already damp with precum, which was an intoxicating smell for Attila. Wanting more contact and not willing to wait, Jackson pushed himself toward Attila, inviting him to sample more of the mans feel and aroma. Very quickly Attila had pulled Jacksons cock through the gap in his briefs, and Attila stroked it lovingly, getting precum over his hand, and driving the human wild with lust. Attila relished the power and control he so clearly held over this man in the prime of his life, ordinarily such a dominant force in the rest of his life. Someone who could charm anyone, have anyone he wanted had forsaken others to serve him, and it the effect of that sacrifice was not lost on Attila. Having the ability to pleasure him like this so easily was gravy on top. Lying above him, Attila had trouble turning him around and thrusting into him right there, but centuries of sex with so many partners had tempered his patience.-----WARNING: This 3000+ word paranormal erotic short story contains graphic consensual dominant/submissive sex between a man and a male vampire.
