

Gatekeepers (The Dreamhouse Kings Series, Book 3) (Dreamhouse Kings (Audio))

[This is the MP3CD audiobook format.] Gatekeepers is the third book in Richard Liparulos critically acclaimed, wildly popular Young Adult Dreamhouse Kings series. The house talks. It breathes. And its hungry. The Kings have been in the creepy old place, their new home, for only a few days, but theyve experienced enough terror to last a lifetime. And the mystery is growing even more baffling. Shadowy and shifting, the big house conceals doors into other worlds that blur the line between memory and dream -- and the slightest misstep can change history forever. At least, thats if they believe the trembling old man who shows up claiming to know them. Theres a reason youre in the house, he tells them. As gatekeepers, we must make sure only those events that are supposed to happen get through to the future. The problem is that horrors beyond description wait on the other side of those gates. As if that werent enough, the Kings are also menaced by sinister forces on this side -- like the dark, ancient stranger Taksidian, who wants them out now. Xander, David, and Toria must venture beyond the gates to save their missing mother -- and discover how truly high the stakes have become.
