

## Dreamrider

From the author of *The Whole Business* with Kiffo and the Pitbull and *Its not all about YOU*, Calma comes an intense, confronting, unforgettable novel to challenge our assumptions about bullying, coping strategies and mental health. We stared at each other, the fat boy and the boy with ice for eyes. And I waited. So what have you got to say for yourself, fat boy? Michael Terny is the fat boy. Hes at his seventh school in four years and he knows that even if he keeps his head down, he cant change the script. He will be ridiculed and laughed at and pushed around. But Michael has a powerful secret that allows him to escape to a safe place, and everything changes when he makes a new friend. Now he can make plans to exact his revenge. But will revenge have a price?
