

Earthquake

The heart-stopping sequel to *Earthbound* and an epic love triangle like you've never seen before! Tavia Michaels is an Earthbound—a fallen goddess with the power to remake the Earth or destroy it. The Reduciata, a rival faction of Earthbounds, has created a virus that is wiping out swathes of the planet. But before Tavia can act on this discovery, she is captured and imprisoned. Huddled in a cell with her eternal lover, Logan, she loses track of the days until they are mysteriously rescued. For Tavia isn't like other Earthbound. As her powers awaken, her centuries-long relationship with Logan is threatened, and when Benson—the best friend who's always stood by her—returns, Tavia must again face a terrible choice between those she loves. Can Tavia stop the destruction of Earth and uncover the ultimate truth about the Earthbound before it's too late?
