

Ebony Chronicles Black Womens Ideas, Beliefs and Lifestyles

Ebony Chronicles covers six areas of human development. Beauty/Self esteem, education and work, handling emotions, conflicts, problem solving and spirituality from the eyes of the Black woman. Black women share how they have demonstrated a high level of resilience despite of the daily adversities they encounter in life. They share how they deal with the double whammy of racism and sexism. Ebony chronicles doesnt give you scenarios and how life should be handled. It gives you real women, with real life stories and real life solutions.
