

The Zombie West Trilogy

The Zombie West Trilogy by Angela Scott Evolved Publishing presents a special omnibus edition featuring all 3 books of the award-winning Zombie West series, along with some fun bonus content. [DRM-Free] Young Adult, Zombie Western Romance

The Wild West is hard enough to survive with its native territory, wanted outlaws, and harsh terrain, but with a plague turning civilized people into brain-eating monsters, survival becomes nearly impossible. Red has lost everything to the fast-spreading disease: her family, her trust in mankind, and her hope for a better tomorrow. When she meets Trace, a smooth-talking gambling man whose more city boy than cowboy, she's forced down a path she'd been avoiding for years. Until his arrival, she'd lived by a certain set of rules: don't ask names, keep to yourself, don't let anyone too close, but the jackass of a man won't let her be, and he has an uncanny knack for appearing at all the wrong times and in all the wrong places. Each, with a secret of their own, will need to learn that only by working together do they have any chance of surviving The Zombie West. That is, if they don't kill each other first.
