

Essential AS Geography

Teachers can be confident with materials developed in close association with all major examination boards. This title contains downloadable chapter extensions and online case study material free to all course users. Specific In the Field chapter offers advice on fieldwork skills and reviews the application of ICT in analysis and presentation. Students will quickly improve study and exam skills with the use of the unique What you Need to Succeed section. Designated website containing truly interactive student support, links, advice and exercises is also provided.
