

Extracted

What would you do if you woke up to a different life? A different face? A different name? But you remember who you really are. AnnaLee Johnson awakens from rolling her truck into a ditch into a world of nightmares. She's no longer herself, told her name is Katherine, and is now in some mysterious school where it seems the ultimate goal is turning amnesiac teens into some kind of super soldiers. The only problem: AnnaLee remembers who she once was. And only one guy believes her. No weakness, only strength. Rely on no one.
