

History of the Confederate States Navy

FIRST GRAMERCY EDITION. 1998 Random House hardcover, J. Thomas Scharf. J. Thomas Scharf was an officer of the Confederate States Navy. He wrote this account a few years after the end of the Civil War, basing it on research and interviews with Confederate naval officers, as well as on his own firsthand observations. In the History of the Confederate States Navy, the author vividly describes the Southern struggle with the navy of the United States, the engagements fought in the rivers and harbors of the South and upon the high seas, blockade-running, the first use of iron-clads and torpedoes, and the activities of the privateers.
