

Firecracker Jax: On the Road to Hel (Book 1)

Fleeing from the police, twenty-two-year-old Jax Blizzard and his wolfdog ditch a stolen car and hide out in a cave, where they see a large, hairy creature carrying an unconscious girl. Enter three teenagers: Mysterious Raynes (who has just escaped from a mental hospital), her brother Tor and his friend Cat. Cats sister Rachel has been kidnapped, and the three teenagers are bent on rescuing the girl before she is eaten. As the police close in on him, Jax follows the kids through a tunnel system. They emerge on the other side to find a fantastically different civilization under the earth called Bottom World. Bottom World is filled with aliens, werewolves, vampires, zombies, demons, and a fallen angel. Amid all this, Jax must descend into the depths of death itself and strike a deal with Hel, the Goddess of Death, to save the young girls life. Its only a matter of time before things go from bad to worse. Jax must rescue the girl and get out of Bottom World before its citizens discover hes a fraud and execute him. Complications: Having fallen for a beautiful alien girl, Jax isnt sure he wants to leave!
