

Save The Lemmings

Eighth grade inventor, Natalie Isabelle Cailean Edwards is the N.I.C.E. girl who finishes last with the kids in school. Sappy inspirational phrases and monochromatic outfits have all but her best friends wrinkling their nose at her. When Natalie's invention, the Texty-Talky, goes nationwide, she becomes an overnight sensation. Suddenly her days consist of photo shoots and interviews with little time left for her friends. But the spotlight soon turns sour. A local reporter shatters her good-girl image by reporting a graffiti incident and the media launches into a smear campaign. It is so bad, even her friends start to believe the stories. Will Natalie be able to overcome the lies being printed about her?
