

Firstlife (An Everlife Novel)

Ive been told history is written by survivors. But I know that isnt always true. My name is Tenley Lockwood, and very soon, Ill be dead. This is my storybut the end is only the beginning.Tenley Ten Lockwood has spent the past thirteen months locked inside the Prynne Asylum. Shes earned her rep as the craziest of crazies, but that doesnt stop the torture. Ten can leave, but only if she allows her parents to choose where shell liveafter she dies.There is an eternal truth most of the world has come to accept: Firstlife is merely a dress rehearsal, and real life begins after death.In the Everlife, two realms are in power: Troika and Myriad, longtime enemies and deadly rivals. Both will do anything to recruit Ten, including sending their top Laborers to lure her to their side. Soon, Ten finds herself on the run, caught in a wild tug-of-war between the boy shes falling for and the realm she wants to support. Who will she choose? Can she stay alive long enough to make a decision?
