

Garage Band

When Giulianos father loans him the family garage, he and three of his friends form a band. Playing their battered secondhand instruments, the four teenagers find something they love to do, and they find in their friendship and music a refuge from difficult and turbulent home lives. But when their only amp blows a fuse, a desperate search for some new equipment lands them in more trouble than they ever saw coming. Written and painted in stunning watercolors by the renowned Italian artist Gipi, GARAGE BAND is an introspective meditation on teenage life.
