

## Boy Girl Boy

Larry, Teresa, and Elliot are so tight, there's no room in their circle for any more than three: boy, girl, boy. That's just how it is. And when they graduate in a few months, they're moving to California to begin their real lives--together. Or that's the plan, anyway. But who are they fooling? Larry is gay and still trying to come to terms with his sexuality. Teresa is tired of hanging out with two boys she loves who aren't interested in being her boyfriend. And Elliot--sweet, handsome, but not the brightest--is finally considering the idea that he may in fact like himself more when he's not in the shadow of his two best friends. From the celebrated author of *Stoner & Spaz* and *Margaux with an X*, here is a wry, surprising, and insightful book about how tough it is to simply be yourself.

**Girl Boy Girl - 28 Reviews - Womens Clothing - Mission & 7th Ave** I often say that I spend more time and energy on my one boy than on my three girls.
