

Ghosts of Manila

When Muhammad Ali met Joe Frazier in Manila for their third fight, their rivalry had spun out of control. The Ali-Frazier matchup had become a madness, inflamed by the media and the politics of race. When the Thrilla in Manila was over, one man was left with a ruin of a life; the other was battered to his soul. Mark Kram covered that fight for Sports Illustrated in an award-winning article. Now his riveting book reappraises the boxers -- who they are and who they were. And in a voice as powerful as a heavyweight punch, Kram explodes the myths surrounding each fighter, particularly Ali. A controversial, no-holds-barred account, Ghosts of Manila ranks with the finest boxing books ever written.
