

## Gods Cosmological Time-Piece and Mans Destiny

Andrew Moore and Bonnie Gaunt have put together a magnificent confirmation of the 6,000 years of man on planet Earth, based on the dimensions of Earth, Sun and Moon. This cosmological clock reveals, with amazing accuracy, the pattern of events leading to the birth of Jesus Christ; and with the same accuracy the events regarding His return and Earths Great Millennium. This cosmological clock ticks off the years and ages, and reveals an amazing pattern of time. Time and events in mans history and future are not random--they fit into a pattern with accuracy and precision. When Socrates spoke of patterns in the heavens he may not have known that the pattern pointed to September 11, 1999. In Genesis we were told that the Earth, Sun and Moon were to be for signs, for seasons, for days and for years. The cosmological clock, based on the dimensions of Earth, Sun and Moon, reveals those signs, seasons, days and years with magnificent precision.
