

Hal Leonard Electric Guitars and Bases A Photographic History

This follow-up to *Acoustic Guitars and Other Fretted Instruments* is a stunning full-color journey from the mid-1930s to the present, depicting the technical and aesthetic development of the American electric guitar - the Hawaiian, Spanish-neck, full-depth, hollowbody, solidbody, and thinbody. This photographic history shows how major manufacturers such as Gibson, Fender, Rickenbacker, National and others helped make the electric guitar an icon in pop culture and the dominant instrument in pop music. Hardcover, 250 pages.
