**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE Updated in its 3rd edition, *Human Communication in Society* is the only text to explore the interplay between the individual and society and its impact on communication. By understanding how the tensions among individual forces, societal forces, cultures, and contexts shape communication and meaning, readers become more ethical and effective communicators. Alberts, Nakayama, and Martin wrote *Human Communication in Society* to bring a comprehensive, balanced view to the study of human communication.
