

Harmony House

Carrie meets American Horror Story meets The Shining in this terrifying YA horror novel from the author of Tweak and Schizo. Somethings not right in Beach Haven. Jen Noonans father thinks a move to Harmony House is the key to salvation, but to everyone who has lived there before, it is a portal to pure horror. After her alcoholic mothers death, Jens father cracked. He dragged Jen to a dilapidated old manor on the shore of New Jersey to start their new lives but Jen can tell that the place has an unhappy history. She can feel it the same way she can feel her anger flowing out of her, affecting the world in strange ways she cant explain. But Harmony House is more than just a creepy old estate. Its got a chilling past and the more Jen discovers its secrets, the more the house awakens. Visions of a strange boy who lived in the house long ago follow Jen wherever she goes, and her fathers already-fragile sanity disintegrates before her eyes. As the forces in the house join together to terrorize Jen, she must find a way to escape the past she didnt know was haunting her and the mysterious and terrible power she didnt realize she had.
