

## Introductory Economics (College Level Examination Series)

The College-Level Examination Program (CLEP) is a national program of credit-by-examination that offers you the opportunity to validate and receive credit for college-level knowledge you already possess. No matter when, where, or how you have learned -- by means of formal or informal study -- you can take CLEP tests, and, if the results are acceptable to your college, you can receive credit. The Subject Examinations measure achievement in specific college courses.

**Introduction to Economics - Economics - Trinity College Dublin** Questions on the Principles of Microeconomics exam require test takers to Most textbooks used in college-level introductory microeconomics courses cover **INTRODUCTORY MICROECONOMICS PRINCIPLES OF College** The CLEP (College-Level Examination Program) is a test that grants college credit History (examples: Principles of Microeconomics, Introductory Psychology) **Introductory Economics (College Level Exam.
