

JodyJazz Tradin With the Greats CD - George Garzone

Tradin With The Greats puts you in the band with some of the greatest musicians of our time. Trading is the time honored tradition where musicians improvise back and forth, inspiring each other to play at higher levels of artistry than they normally reach. Prepare to take your playing to the next level by Tradin With The Greats. The idea behind Tradin With The Greats is to have the greatest musicians and their working/recording band make a record and leave space for you. In the case of Kenny Werner, this is the actual trio you would hear if you went to The Blue Note in NYC to hear the Kenny Werner trio. In the case of the George Garzone project, Garzone, Bob Gullotti, and John Lockwood make up the band the Fringe, which has been playing non-stop since 1972. When George said he wanted to use Mulgrew Miller on piano I was ecstatic.
