

Cyber Space...A Cruel Escape (Middle School Dilemmas) (Volume 3)

For years, she had been bullied, because she was overweight and bi-racial. Now, she's pretty much used to the verbal fat jokes and being insulted for not being perfect. Life takes on a new role; when she moves to another location and meets a special friend. Their friendship grows fast and strong. Her weight is not a factor at all. He friends her for who she is. But the biggest life changing event occurs when she is introduced to the internet social websites. This account of bullying is detrimental; however, there's never any good with being harassed. It is a story that explains an outcome on cyberspace bullying. Unfortunately, it is on the rise.

Excerpts: I was pushed and tripped until I hit the ground. Then I was kicked in the face and my side. It hurt terribly! Please, please stop! What do you want from me? I cried hysterically (As happy as I am today about my iPhone and Facebook, unknowingly, my life will forever change this year. I wished I would have known what was going to happen. But nobody could have known just how bad the cyberbullying really was going to be.)
