

K-ON!, Vol. 1

When their high schools pop-music club is about to be disbanded due to lack of interest, four girls step up to fill the membership quota. Unfortunately, lead guitarist Yui Hirasawa has never played an instrument in her life. Ever. And although she likes the idea of being in a band, standing in front of the mirror posing with her guitar is a lot easier than actually playing it. Its gonna be a while before this motley crew is rocking out, but with their spunk and determination cranked to 11, anything is possible!
