

## Mates, Dates and Great Escapes

A school trip to Florence seems like the perfect escape for Lucy. She wants time away from Tony who is pressurising her to take their relationship further. In Italy, she meets an American boy, who is also visiting Tuscany, and thinks he might be the ideal way to get over Tony. He seems to be the perfect gentlemen and Italy introduces Lucy to a world of culture and sophistication. Will she be able to move on from Tony? Or is a case of out of the frying pan and into the fire?
