

Matt Archer: Monster Summer (Matt Archer #1.5)

In this companion short-story to Matt Archer: Monster Hunter, fifteen-year-old Matt Archer finds himself in the Australian Outback on the trail of his latest targets...and hunting hyper-intelligent, mutated Dingoes is not his idea of a great summer vacation. Making things more complicated, Matt's Uncle Mike--aka Major Tannen--is his C.O. To Matt's consternation, the major's new fiancée, Captain Julie Hunter, is along for the trip. When Captain Hunter disappears during a routine scouting trip, it's up to Matt to help his uncle find her before it's too late.
