

Miss Smithers

In spite of the premature publication of my zine and resulting renewed social ostracism, things are happening for me! I've been stood up by the coolest girl in school, I have a Jesus bracelet, I ate dinner at a steak restaurant and lived to tell, I may be a virgin until I marry, I'm a Miss Smithers candidate, and I HAVE LEATHER PANTS! I even feel ready for the first official event of the pageant, the Etiquette Workshop. No longer homeschooled and socially isolated, Alice McLeod has: 1. a female friend, George; 2. a male friend, Goose; 3. a \$400 clothing allowance to dress herself for the Miss Smithers pageant. Following on the debut of *Alice, I Think*, Susan Juby's delightful second novel is about finding the perfect outfit and finding oneself, about winning a pageant and winning at love.
